Proceedings of the Indian Academy of Sciences
(Animal Sciences)

Volume 96, 1987

CONTENTS

Ovarian polymorphism in relation to reproductive diversity and associated histological and histochemical attributes in some sporophagous tubuliferan thysanoptera *K Dhileepan and T N Ananthakrishnan* 1

Host preferences of some acridids (Insecta: Orthoptera) in relation to some biochemical parameters *K P Sanjayan and T N Ananthakrishnan* 15

Ecobehavioural and biological studies on two species of seed infesting thrips (Thysanoptera: Insecta) *A Balu and A Mohan Daniel* 23

Light and electron microscopic observations on lipid droplets of the sebaceous flank gland of the shrew, *Suncus murinus viridescens* (Blyth) *M Balakrishnan* 33

Quantitative analysis of carbohydrases in the crystalline style of some intertidal bivalve molluscs *P Shahul Hameed and A L Paulpandian* 41

Glycogen level and glycogen phosphorylase activity in the eggs of silkworm, *Bombyx mori* L. *P M Chandrashekar and Geetha Bali* 49

A shift in metabolic pathway of *Sarotherodon mossambicus* (Peters) exposed to thiodon (endosulfan) *M Vasanthi and M Ramaswamy* 55

Aspects of culture: *Acanthamoeba astronyxis* (Ray and Hayes 1954) from Bay of Bengal coasts, India *Mrinal Ghosh and Amalesh Choudhury* 63

Development and survival of *Mythimna separata* (Wlk.) on some host plants during winter at Hisar *Ram Singh and J P Chaudhary* 71

Food utilization and surfacing activity of *Channa striatus* fry in relation to quality of food *K Sampath and E Vivekanandan* 77

On some plant galls from the Fiji Islands *M S Mani and P Jayaraman* 81

Biochemical correlates in *Rhipiphorothrips cruentatus–Terminalia catappa* interactions with special reference to leaf infestation patterns *G Suresh and T N Ananthakrishnan* 117

Effect of sublethal doses of dichlorvos and carbaryl on the nervous system of *Pericallia ricini* Fabr. (Lepidoptera: Arctidae) *Y N Singh and F Shaheen* 129

Effect of starvation on food utilization in the freshwater snail *Pila globosa* (Swainson) *M A Haniffa* 135

Limnology of river Cooum with special reference to sewage and heavy metal pollution *Bernice Anantharaj, V Bagyalakshmi and R Lakshmi* 141

Proceedings of the Symposium on the Impact of Nutrition on the Reproductive Biology of Insects, Madras, January 1987

Foreword 151

Nutritional modulation of reproduction in two phytophagous insect pests *S S Krishna* 153

Relation between feeding and egg production in some insects *J Muthukrishnan and T J Pandian* 171

Nutrient modulation of hormone production: Dietary essential fatty acids, tissue prostaglandins and their probable role in insect reproduction *V K K Prabhu and Mariamma Jacob* 181

Assessment of neuroendocrine mechanisms of feeding and reproduction in phytophagous insects *D Muraleedharan* 185

Nutritional value of malvaceous seeds and related life-table analysis in terms of feeding and reproductive indices in the dusky cotton bug, *Oxycarenus laetus* Kirby (Hemiptera: Lygaeidae) *K Raman* 195

Influence of leaf age on feeding and reproduction in *Raphidopalpa atripennis* F. (Coleoptera: Chrysomelidae) *R S Annadurai* 207

Effect of food quality on fecundity of *Mylabris pustulata* (Coleoptera: Meloidae) *T Manoharan, S Chockalingam and K P S Jeyachandran* 217

Effect of temperature and host seed species on the fecundity of *Callosobruchus maculatus* (F.) *J Chandrakantha, J Muthukrishnan and S Mathavan* 221

Nutritional influence on the growth and reproduction in two species of acridids (Orthoptera: Insecta) *K P Sanjayan and K Murugan* 229

Correlation of nutritional changes with the reproductive potential of *Aphis gossypii* Glover on egg plant *T K Banerjee and D Raychaudhuri* 239

Influence of nutrition on the reproductive biology of sugarcane pests and their natural enemies *H David, S Easwaramoorthy and K Subadhra* 245

Nutrition and reproduction in haematophagous arthropods *R S Prasad* 253

Feeding and reproduction in vector mosquitoes *R Reuben* 275

Host preferences in some pentatomids and related impact on the fecundity of their parasitoids *R Velayudhan* 281

Impact of predation and food utilization on reproduction of *Diplonychus indicus* and *Ranatra filiformis* *P Venkatesan and S Muthukrishnan* 293

Observations on feeding propensities, growth rate and fecundity in mayflies (Insecta: Ephemeroptera) *K G Sivaramakrishnan and K Venkataraman* 305

Impact of chemicals on feeding and reproduction in insects *Kumuda Sukumar* 311

Impact of differential feeding on the reproduction of tiger beetle *Cicindela cancellata* DeJean (Cicindelidae: Coleoptera) *T Shivashankar and G K Veeresh* 317

Some observations on the nutrition-reproduction correlation in grouse locusts (Orthoptera: Tetrigidae) *A M Bhalerao, N M Naidu and S Y Paranjape* 323

Influence of biochemical parameters of different hosts on the biology of *Earias vittella* (Fab.) (Noctuidae: Lepidoptera) *R Sundararaj and B V David* 329

Effects of feeding regime on energy allocation to reproduction in the silkworm *Bombyx mori* *S Mathavan, G Santhi and B Nagaraj Sethuraman* 333

Influence of azadirachtin on insect nutrition and reproduction *G K Karnavar* 341

Host dependency among haematophagous insects: A case study on flea-host association *R S Prasad* 349

Effect of okra fruit blocks, seeds and pericarp on post-embryonic development of *Earias vittella* (Fab.) in relation to some phytochemicals of selected okra genotypes *Ram Singh* 361

In vitro studies on the involvement of brain and gonad in the functional differentiation of prostate gland in *Cryptozona belangeri* (Deshayes) (Mollusca: Gastropoda) *Uma Natarajan and Vijayam Sriramulu* 369

Life and fertility tables of *Achaea janata* Linnaeus on castor *A N Byale and G G Bilapate* 383

Cadmium induced vertebral deformities in an estuarine fish, *Ambassis commersoni* Cuvier *V Pragatheeswaran, B Loganathan, R Natarajan and V K Venugopalan* 389

Distribution and population dynamics of soil nematodes in a tropical forest ecosystem from Sambalpur, India *G B Pradhan and M C Dash* 395

Biology of *Nyphasia apicalis* Gahan (Coleoptera: Cerambycidae) with particular emphasis on emergence and imaginal life *T N Khan and T Khan* 403

Micromorphology and cytochemistry of the branchial glands of the freshwater mullets, *Rhinomugil corsula* (Ham.) and *Sicamugil cascasia* (Ham.) *Jagdish Ojha and A K Mishra* 417

Nature of resistance in selected rice varieties and population fluctuation of green leafhoppers, *Nephotettix virescens* (Distant) and *Nephotettix nigropictus* (Stål) *Kasi Viswanathan and M B Kalode* 425

Proceedings of the Workshop on Biosystematics of Insects, Madras, April 1987

Foreword 437

Multifaceted approach to evaluate the relationship among closely related forms of *Drosophila* *H A Ranganath and A Ushakumari* 439

Chromosomal basis of raciation in *Drosophila*: A study with *Drosophila nasuta* and *Drosophila albomicana* *H A Ranganath and N B Ramachandra* 451

Importance of Karyology in aphid taxonomy *D Raychaudhuri and P L Das* 461

Recent advances in biosystematics of *Trichogramma* and *Trichogrammatoidea* (Hymenoptera, Trichogrammatidae) *H Nagaraja* 469

Biosystematic studies on *Aphytis* in India-A promising area of research *A Uma Narasimhan and M J Chacko* 479

Feeding and behavioural parameters and egg ultrastructure in the biosystematics of Reduviidae (Insecta-Heteroptera) *E T Haridass, A Balu and M Noble Morrison* 485

Biological, behavioural and morphological tools in the biosystematics of Reduviidae (Insecta-Heteroptera-Reduviidae) *Dunston P Ambrose* 499

Some aspects of biosystematics of Bruchidae (Coleoptera) *H R Pajni* 509

Newer trends in the biosystematics of Membracidae *K S Ananthasubramanian* 517

Significance of haemolymph protein patterns in biosystematic studies of some grouse locusts (Tetrigidae: Orthoptera) *S Y Paranjape, N M Naidu and N N Godbole* 527

Biosystematics of fig wasps (Chalcidoidea: Hymenoptera) *K J Joseph and U C Abdurahiman* 533

Biosystematics of Chalcididae (Chalcidoidea: Hymenoptera) *T C Narendran and S Amareswara Rao* 543

Biosystematics of rice brown planthopper and rice green leafhoppers *U Ramakrishnan* 551

Biosystematics of gall aphids (Aphididae, Homoptera) of western Himalaya, India *S Chakrabarti* 561

Biosystematic studies on Agromyzidae from India *Ipe M Ipe* 573

Biosystematics of Aleyrodidae (Homoptera: Insecta) *B V David* 583

Biosystematics of Tingidae on the basis of the biology and micromorphology of their eggs *David Livingstone and M H S Yacoob* 587

Biosystematics in lepidoptera and its importance in forest entomological research *George Mathew* 613

Recent trends in the biosystematics of Entognathous Apterygota with special reference to Collembola *N R Prabhoo* 619

Biosystematics of *Culex vishnui* and *Culex pseudovishnui* based on ecobehavioural pattern *A K Hati and S Bhattacharya* 629

Biosystematic studies of south Indian Leptophlebiidae and Heptageniidae in relation to egg ultrastructure and phylogenetic interpretations *K G Sivaramakrishnan and K Venkataraman* 637

Experimental studies on the hatching rhythm and larval release in Palaemonid and Atyid prawns
R Ponnuchamy, S Ravichandra Reddy and Katre Shakuntala 647

Population structure and breeding season in *Rattus rattus wroughtoni* Hinton
S Keshava Bhat, A Sujatha, R Advani and A S Sukumaran 657

Feeding and extracellular digestive rhythms in some intertidal bivalve molluscs *P Shahul Hameed and A L Paulpandian* 667

Terminal velocity of the first instar *Ectropis excursaria* (Guenee) (Lepidoptera: Geometridae) *R Ramachandran* 673

Evaluation of brodifacoùm against house murids of Garhwal Himalaya (India)
C Sheikher, N Ahmad and S S Guraya 679

Qualitative and quantitative changes in lipids along the length of female reproductive system of the poultry nematode *Ascaridia galli* (Schrank 1788)
D S Jitla, V R Parshad and S S Guraya 683

Stress induced alterations in the hemocyte population of *Periplaneta americana* (L.) *N K More and Y S Sonawane* 689

Effect of cruciferous glucosinolates on probing pattern and feed uptake by mustard aphid, *Lipaphis erysimi* (Kaltenbach) *V K Dilawari and A S Atwal* 695

Energy utilization and freshwater mullet, *Rhinomugil corsula* (Hamilton) under exercise *N Sukumaran and M N Kutty* 705

Wing microsculpturing in two Arabian species of termite genus *Amitermes* (Termitidae, Amitermitinae) *M L Roonwal and N S Rathore* 715

Haematological effects of sublethal concentration of formalin on *Sarotherodon mossambicus* (Peters) *M Razia Beevi and S Radhakrishnan* 721

Subject index 727

Author index 739
